...and so is your donation!®

Fondation Synergie Lyon Cancer

Thanks to its flexible organisational structure, the Synergie Lyon Cancer Foundation, recognised as a non-profit organisation, allocates 100% of its donations to its work for the fight against cancer. The financial revenue generated by its initial endowment fund covers general running costs.
It is inspected by a French Government Auditor and by the French Court of Auditors ("Cour des Comptes").
Its accounts and the report of the external accounts auditor are submitted to the French official gazette each year.

You too can be part of this synergy, which is essential for the design of new drugs to help in the fight against cancer.

I wish to take part in the work conducted at the Synergie Lyon Cancer Foundation by making a donation
